

## Season's Greetings from the Capital Campaign Team

We are filled with Christmas joy and thrilled to report that since we officially kicked off our three-year campaign in January 2022, we have received \$474,000 in tangible gifts! A huge shout out to all who have contributed to the campaign to date. We are humbled and grateful for the continued support as we move closer to our financial goal of \$750,000.

Your gifts have allowed us to distribute a third of our mission component dollars (\$10,000 per year) to several Christian-based groups who focus on feeding the hungry: \$4K to KMUPC food pantry, \$1K to Montour High School food pantry, \$1K to Heifer International (global food provider), and \$4K to the Greater Pittsburgh Community Food Bank (who will deliver \$1K each to four other local Christian-based food pantries on our behalf) - and all in time for the Thanksgiving Holiday.

The contributions in-hand have also allowed us to make several improvements to our church that support the safety and well-being of our congregation such as the latest, completed project - the installation of a new fire alert system. Finalized structural improvements, room renovations, and system updates also include a new security system, heating/cooling system in Sharpe Hall, several kitchen renovations, roofing repairs, and freshen up painting/plastering throughout the building. Projects still to come include repaving of the parking lot(s), creating an accessible entrance to the front of the church, modifications to outdated restrooms, replacing flooring where needed, and devising a long-term plan on the building's heating and cooling systems.

**As we approach the close of 2022, please consider a year-end gift to the Capital Campaign. It's also never too late to make a pledge for years 2023-2024.**

We wish you a blessed Christmas and good health in the new year...

Yours in Christ,

Bill & Linda Kent
